SAFETY FIRST:

Coaches: Remind your players about the rules before each game.

Especially running the bases "Run By" do NOT run into a defensive player.

Also defensive players, if there is no play on your base get out of the way of the runner.

**NEW Changes Voted in 2008:**

If you don't have enough players to play a game & you need to cancel there is a \$25.00 Cancellation Fee - Voted in effective 2008.

**NEW Changes Voted in 2010:**

No Jak'd Bats allowed in league & tournament play. – Voted in 2010.

**NEW Changes Voted in 2011:**

**Run-By-Rule:** This rule was instituted to help avoid collisions ie. "A Safety Rule" It is the Offensive player's responsibility to avoid that collision, by running wide of the base on the opposite side of the ball. Collision with a defensive player while making or attempting to make a play will result in that runner & the runner closest to home plate, being declared out. This is called Interference & the ball is dead. - Voted in 2011

**Right-Of-Way:** If there is no play at a base, the Offensive runner has the right-of-way to the next base. If the Defensive player hinders or obstructs the runner, this is called Obstruction. The runner is awarded 1 extra base, after the current play is over. - Voted in 2011.

**2<sup>nd</sup> Home Plate (Safety Base)** approx. 6' in line from home plate that runners must now touch. ( Runners stay away from the catcher at home plate.) Run-By-Rule in effect. – Voted in 2011.
